Opis produktu

With the N-GEAR Let's Go Party 26R you have the party in your hands! The handle and the built-in battery let you take the party anywhere. De Let's Go Party 26R has two 6" woofers, a maximum power-output of 600 Watts and a playing time up to 4 hours on a fully charged battery! Connect your smartphone, tablet, computer via Bluetooth and sing a long with your favourite songs with the microphone (included). The built-in disco lighting in the woofer-speakers syncs with the music and is the icing on the cake to make your party the best!
