CALL OF DUTY: BLACK OPS 6

Developed by Treyarch and Raven, Black Ops 6 is a spy action thriller set in the early 90s, a period of transition and upheaval in global politics, characterized by the end of the Cold War and the rise of the United States as a single superpower. With a mind-bending narrative, and unbound by the rules of engagement, this is signature Black Ops across a cinematic single-player Campaign, a best-in-class Multiplayer experience, and with the epic return of Round-Based Zombies. While the Gulf War commands the global spotlight, a shadowy clandestine force has infiltrated the highest levels of the CIA, branding anyone who resists as traitors. Exiled from their agency and country that once hailed them as heroes, Black Ops veteran Frank Woods and his team find themselves hunted by the military machine that created them. Stripped of their titles, connections, weapons, tech, and allies, they are forced to go rogue, partnering with the criminal underworld to stay one step ahead of their own corrupted government. They'll do whatever it takes to bring down the real traitors and clear their names — even if that means crossing the same lines as their enemies. There is no going back.
