### Opis produktu

What is EA SPORTS FC™ 25?

Get more ways to win for the club. Team up with friends in your favourite modes and manage your club to victory with more tactical control than ever before.

Get your team playing like the world's best with FC IQ. An overhaul of tactical foundations across the game delivers greater strategic control and more realistic collective movement at the team level, while a new AI model, powered by real-world data, influences player tactics through all-new Player Roles.

New additions to Manager and Player Career let you live out the biggest storylines from the real-world game with Live Start Points\*\*; rewrite the stories of past ICONs with today's teams in Player Career; and for the first time, play an authentic Women's Career experience, taking control of a club or player from the top five women's leagues.
