Opis produktu

Here are some of the key features of the Segway Powerstation Cube 2000:

12 output sockets: This includes 2 DC OUT 13.6V/5A, 1 Car, 3 AC OUT, 2 100W Type-C, and 4 18W USB-A ports, allowing you to power a wide range of devices.

IP56 water and dust protection: This makes it suitable for use in outdoor conditions.

AM60B Magnesium Alloy shell: This makes the power station durable and lightweight.

Up to 4000+ cycles battery life: This means that the battery can be charged and discharged up to 4000 times before it

reaches 80% of its original capacity.

Multiple charging options: The power station can be charged from a wall outlet, solar panels (sold separately), or a car charger.

Overall, the Segway Powerstation Cube 2000 is a versatile and powerful portable power station that is well-suited for a variety of uses. It is a good option for people who need a reliable and portable power source for camping, tailgating, or emergencies.
